	50X1-HUN				
1.	The Nova Gradiska Penitentiary houses male prisoners. Ivan Kosar is director of the penitentiary. There are approximately 1,600 prisoners				
	presently in Nova Gradiska. Of this number approximately 700 are				
	Cominformists who are separated from the other prisoners.				
2.	Three categories of prisoners are in the penitentiary: those sentenced for				
	one to five years, those sentenced for five to ten years and those sentenced for ten to twenty years. Disciplinary measures employed include reprimands,				
•	withdrawal of permission to write letters and withdrawal of normission to				
	19001ve Dackages, five to ten days in solitary confinement and confinement				
	in chains weighing 25 to 50 kilograms. Solitary cells are often flooded with water up to ten centimeters in depth. Transfers from one penitentiary				
	to another are considered equal to a death sentence since a prosper to a				
	severely maltreated that physical strength is often completely exhausted. Long-term prisoners at Lepoglava are transferred to Nova Gradiska.				
	•				
. هر	Prison food consists of 200 grams of poor quality corn bread and a vegetable soup for lunch. Seven kilograms of lettuce or other leafy vegetables are				
1	used to make a soup for 1,930 people.				
4.
